Introduction

Enjoy the convenience of online account access with Client Point. View more information than ever before, plus leverage enhanced features to help monitor your account(s) and manage investments. Client Point offers enhanced navigation controls that assist in personalizing how you view your account information through saved PC settings and site design, using filtering controls and expand/collapse features.

Key Features

Client Point was built with you in mind, providing features and capabilities including:

- Single-click to view an individual account or an aggregate of multiple accounts.
- A holistic presentation of your total portfolio.
- Interactive graphics: Selecting a segment of the graph or an item in the legend that advances you to the corresponding detail.
- Enhanced analytical tools to help value and analyze your portfolio.
- Single-click to view a year-to-date summary of account activity with the option to drill down to view the underlying list of transactions.
- Convenient online access to statements as well as other client-specific documents.
- Trading offering a step-by-step process that includes real-time market quotes.
- Data extraction through a direct feed to Quicken[®] or the use of a sophisticated extract creation feature that allows easy integration to in-house applications.

Accessing your Account

The following items are required to access Client Point:

- The Web address, also known as the URL, or a quick link to the site.
- An access ID.
- A password.

Client Sign In

If you are a new client accessing your account online for the first time, you will be prompted to enroll in Secure Sign On. Secure Sign On is a service to help protect you from fraudulent online activity. During the enrollment process, you will be asked to supply some personal information and create a new password. The information provided is stored in an encrypted file, secure from outside sources. The only party that can view this information is you, the client; our institution does not have access to this information. It is extremely important you populate the personal information with factual data.

Secure Sign On is used to ensure only authorized individuals can access financial information online, meeting Federal guidelines and protecting your confidential information.

Subsequent Sign In Additional Authentication Required

During the Sign In process, we not only validate your access ID and password, we also analyze numerous elements regarding your device and your environment to ensure your identity. When we experience a change in your environment, we may require you to complete an additional step in the Sign In process. You will also encounter this step should you enter a valid Access ID and click the Forgot your Password? link on the Sign In page. This additional step is presented to you when necessary. The following outlines the additional authentication process:

1. A one-time security code is necessary to validate your identity. This can be delivered through a telephone call or text message:

Select one of the following:

- Option A: The desired phone number to receive a voice telephone call.
- Option B: The desired phone number to receive a text message. You must also select the *I agree to the <u>Terms</u> of Use* checkbox.
- Click Place Call/Text to advance to the next step in authentication.

- 2. Select option A or B:
 - a. Option A: If you select Voice and the Place Call/Text button, a new product page appears with a Security Code listed:
- You will receive a telephone call on the selected phone number. Our institution will be identified and you will need to confirm your expectancy of the call.
- You will be instructed to either say the five-digit security code or enter it on your telephone keypad.
- If the code is correctly entered, you will be instructed to select the Phone Call Complete button. This confirms your identify and provides access to the site.

Banner Area

The Banner area consists of static information as well fixed and optional features. Most features are selected using an image. The Banner area is shown below:

Optional and general features include:

- The last access date and time together with the current date and time.
- Quick Quote: Entry box with looking glass image. An optional feature to obtain a market quote direct from the exchanges with a single-click after entering the ticker in the entry field or using the lookup icon. The first time you request a quote will prompt you to accept the terms and conditions of a Stock Exchange Agreement. Failure to accept the agreement will prohibit you from obtaining real-time quotes.
- Security Watchlist: Line chart image. An optional feature to track the stock price on up to 20 individual stocks or indices.

12

- Preferences: 3-line image. Preferences for the determination of your initial page upon sign in; your preferred viewing method, individual account versus group; and various other options. It also provides the option to change your password, your access ID or your personal information. Changing your access ID will require you to go through the Secure Sign On enrollment process which will require you to answer security challenge questions.
- Home: Globe image. Provides easy access to our corporate site.
- Help: Question mark image. Online Help providing page-level help, including descriptions of the fields of information on the page in view. Be sure to select the Product Info link within Help for more information on system settings and navigation tips.
- Contact Us: Person image. Contact Us for quick access to your Relationship Manager and Investment Officer, providing assistance with any questions you may have.
- Sign Out link to end your session of viewing your account activity.

Navigation Bar

The Navigation bar provides you with access to account-specific information as it relates to the financial marketplace, account analytics, transaction activity, statements, and trading. Some of the features listed in the Navigation bar have sub-menu options that present in a drop-down selection list. When you select a sub-menu option, the main navigation feature is displayed with an underline for understanding of placement within the product. Below is a listing of some of the many features Client Point offers:

- Home: Select this image to return you to your initial page presented upon sign in.
- Portfolio: View a listing of your positions with in your account or group of accounts. Other options include viewing positions by gains/losses, income or more advanced features including equity and fixed income analytics, and personal rates of return.
- Activity: View a snapshot of year-to-date transaction activity with links to the individual transactions.
- Documents: Quick access to electronic statements.
- Tools: Create your own unique download of information for use in third-party software. Tools also includes the ability to calculate cash flows, use calculators to plan for life events, and download positions and transaction activity to Quicken.
- Group Accounts: Assemble authorized accounts into groups for easy review, management of investments.

Heading Area

The Heading area identifies the selected page. It also may include images that provide the ability to download the page information into a spreadsheet or print the information; images are provided.

Downloading

Clicking the Download image will automatically launch a pop-up window confirming the desire to download the page information to a Microsoft[®] Excel[®] spreadsheet. Doing so allows you to use the information as desired. You may print or save the spreadsheet for your own use.

Printing

Clicking the print image will either launch a PDF type report or a browser print. PDF type reports can be printed or saved for your own use.

Workspace Area

Every page includes a Workspace area. How the information is displayed varies and is based on the purpose and need of the information. Many pages display the information totals at the top of the page eliminating the need to scroll down the page. Many pages display lists of information and some include charts or graphics. The information is displayed in a variety of ways to get you what you need in a single click.

Filter Area

The Filter area on the page, within the Workspace area, allows you to view the information the way you want it:

- Show/Hide Filter Options: To create a view of information to your liking, select the icon
 (▶) next to the title Additional Filters to show the available filters for selection. Populate
 the fields desired. The Go button changes to green, indicating the need to click it to
 update the page. The site saves your request to have the Filter area expanded on the
 page by adding a cookie on your PC. If you want to have this area closed upon entry to
 the page in the future, select the icon (▼) to hide the additional Filter area.
- Viewing a Group or an Individual Account: The Filter area also provides single-click access to view the information in aggregate form. This means that when viewing by group, the page will sum all of the information for the accounts in the group and display the aggregate. For example, on the Portfolio Positions Allocation page, if View By Group is selected, the site will display only one position of a stock, Coca Cola, with the listed information as the sum of all the accounts holding it. It will not list the holding multiple times per the number of accounts held in.

Messages

Some pages include informational messages concerning the content on the page or instructions for viewing the page. These messages are located beneath the Filter area. In addition, if there are any errors or exceptions to the information requested or viewed, messages will also display in this area but will be in bold and red to alert you to the condition.

Show/Hide Summary Sections

Some pages display graphical information and detailed listings, others display summarized charts with links to view additional information. Summary sections offer the opportunity to show or hide the graphic or chart. Your selection to show (\checkmark) or hide (\blacktriangleright) will be stored as a cookie on your PC so when you return to the page in the future, it is displayed as you last left it.

Next Step Options

Some pages include Next Step options for obtaining additional information concerning a selected position or transaction activity. Selecting a Next Step option presents the information in a pop-up window so that you do not lose your place on the page. Examples of Next Steps include tax lot detail, transaction activity, and detailed security information.

Navigating your Account

Navigating through your account information is as easy as selecting any one of the main navigation tabs and then selecting the desired page to view. Included below are examples of just some of the pages you may want to view.

Portfolio Positions Allocation

The Portfolio navigation feature offers investment analytics on your positions; from simplistic views of positions to more extensive equity and fixed income diversifications, bond maturity views, and an investment objective comparison. One of the navigation options is the Positions Allocation page as shown below. The page includes the ability to filter for a specific time period and positions. It also includes an interactive graph where selecting a segment will advance you to the asset location on the page:

Activity Summary

The Activity feature assists in identifying the transaction activity that has occurred in an account or group of accounts. This information is relevant in understanding cash flows, trade activity, and realized gains/losses. The Activity Summary page displays a year-to-date view of all transaction activity in an account or aggregated for a group of accounts. You may also choose to filter the page by entering a time period or view the prior year list of transactions. The transactions are grouped into major categories for ease in identifying cash flows.

The page also offers a one-click view to the underlying transactions by selecting the desired transaction category name. A pop-up window will display the list of transactions comprising the category total:

Documents Statements

This feature provides quick access to your electronic statements. It displays the list of available statements for viewing and a link to launch the statement in a PDF. Clicking on the column headings enables you to sort the page by the selected column. Adobe[®] Acrobat[®] Reader is required to view the statement in a PDF format. This software is can be downloaded at <u>www.adobe.com</u>. You can then save, print, e-mail, or close the PDF:

Tools Downloads

These three separate options allow quick access to research an individual account or group of accounts. This flexible feature provides you with the opportunity to select the fields of information and the desired output format. You can also save the format for future use. The three download options include: Portfolio, Tax Lots, and Activity:

Group Accounts

The Group Accounts feature gives you the opportunity to create your own grouping of accounts for information gathering and investment management. You determine the group name and select the underlying accounts. Once a group is created you can use the list throughout the site, eliminating the need to memorize account numbers or account titles:
